Dear Alex

We felt we had to write say a very big thank you for the wonderful job you did on the new addition to our house. The work was carried out to the highest standard and you even managed to complete on time given a very short program of works. We found all of your staff especially easy to deal with, and the hands on involvement of you and your son enabled the project to be completed very efficiently.

We would have no hesitation in using your company for future works.

regards

A handwritten signature in blue ink that reads "Lindsay & Bert Goodwin". The signature is written in a cursive style with a small circle between the two names.

Lindsay and Bert Goodwin
